TravelMarketingNetwork is a network of experts in the global travel and tourism PR and marketing field.

TravelMarketingNetwork specializes in travel and tourism marketing representation and consulting. We offer clients the full range of marketing-related services: strategic brand planning, direction and management,

research, marketing, advertising, PR/media relations, events, and general travel trade establishment and representation.

While offering all the usual suspects within the marketing mix, Travelmarketingnetwork always executes projects with a great deal of substance, style, and originality. Producing award-winning work that raises awareness of a product within the crowded travel marketplace is our forte. We have a substantial track record creating highly original strategically smart solutions and materials both for trade and consumers. We know the travel industry inside and out with real world, hands-on experience, working closely with NTOs, carriers, tour operators, travel agents, hotels and travel brands related to the Internet.

While we are very good at the important imaging work, we always deliver measurable results. Determining appropriate positioning and brand image is a critical foundation and first step.

Travelmarketingnetwork is able to produce a strategically intelligent destination marketing study/diagnostic that will evaluate market feasibility, identify viable market segmentation. We will provide a blueprint for implementing and develop travel industry strategic alliances, travel agent certification program, co-operative advertising and promotional programs, establishing new wholesale and retail travel networks, constructing media tours, PR/media relations/crisis public relations management, new product development of wholesale travel products and overall consumer communications and branding to solidly position your destination and travel products.

Our scope of work performed includes marketing, PR/Media Communications and strategic direction and planning, destination marketing studies, developing advertising materials (radio, TV, print, outdoor and new media) and overseeing general marketing initiatives such as broadcast and internet promotions, co-branding efforts and overall brand building in tandem with in-house marketing departments and from time to time, advertising and PR agencies of record.

In short, TravelMarketingNetwork provides proactive, strategically creative thinking, brand management, communications, advertising, marketing, public relations and trade/consumer events to a range of clients, products, and services, all within the travel and tourism sectors.

We work on a retainer basis, with hard costs billed separately (travel, media buys etc) and the term/length of Agreement flexible.

Our team of communications specialists is uniquely capable of producing strategically intelligent plans for the global marketplace. All too often expensive destination imaging sends a poorly timed, mixed message to the wrong audience. We understand the distribution channels of the travel industry. We know what works and what doesn't work. We will provide solutions that are as unique as you are. We know how to build and shape a five-star brand image.

Let's go! We welcome the opportunity to respond fully to a RFP.

MY FAVORITE FEATURE STORY

- We produce a feature story review of your hotel, destination, airline,...
- A banner leading readers to this story is placed throughout our publications and embedded in hundreds of thousands of articles throughout our network.
- For example, a banner [with a Hyatt review](#) story could show up on all Hyatt or even all hotel articles. OR a banner of a hotel review in Jamaica could show on all articles about content about Jamaica.
- Contact us for options and rates.

COMMERCIAL STORY POSTING

Commercial Options became smarter, more effective, and more affordable on eTurboNews

Don't fall into the trap and send identical press releases to hundreds of publications. It may benefit shady wire services providing inflated coverage reports with negotiated non visible backroom coverage on brand names such as Yahoo Finance, AP, etc, but hurting your bottom line bringing down your Google ratings.

Any wire service, such as PR Newswire submitting news directly to news aggregators such as Google News directly competing with publications. Any publication submitting the same release published already on PR Newswire to Google will be labeled as a duplicate and will hurt its ratings only because it published such PR Newswire content in good faith.

eTurboNews will not publish such content unless you purchase our full or feature category allowing us to rewrite the release, so it can be submitted as original content.
